---	---	--------------------------------	------------------------------	--------------------	--------------	--	-------------------------------

Hazard Identified? / Risks from it?	Who is at risk?	How are the risks already controlled? What extra controls are needed?
Hazard – something that may cause harm or damage. Risk – the chance of it happening.	Young people, Leaders, Visitors?	Controls – Ways of making the activity safer by removing or reducing the risk from it. For example - you might use a different piece of equipment, or you might change the way the activity is carried out.
Impact from foam bullet – hit by bullet	All	The activity is to be halted immediately if any person or animal strays into the vicinity of the range. Participants to shoot from behind the designated shooting line. Spectators must remain seated in the waiting area or outside the range perimeter. Any suspected dangerous behaviour to be controlled immediately.
Ricochet from foam bullet – hit by foam bullet	All	Any ricochet reaching close to the bench must be reported to Waddecar Management.
Equipment failure – injured by equipment	All	Equipment checked at regular intervals and recorded by a competent person. Equipment checked prior to every use. All damage reported to Waddecar Centre Management.
Unauthorised use – uninjured by equipment	All	Equipment is kept in a locked store when not in use. Equipment to be returned to the Activity Store at the end of each session.
