WARDENS

Our Wardens are the Ring Masters of Waddecar Weekends, the font of all knowledge, the holder of keys to all doors, the sanity amidst the madness. The Warden Team is very varied, from young couples with children in tow to Retirees escaping home life for a weekend. The only requirements are being a member of the Scout Association and enjoying going that extra mile to make someone smile. Wardens commit to a few dates each year, normally covering weekends but some also some mid-week periods at Easter, Spring Bank Holiday, and the Summer season. Duties involve welcoming arrivals and booking them in, running the on-site shop, taking telephone enquiries & bookings, answering campers queries, running the odd activity session, and anything else which occurs. Voluntary Wardens are the main customer facing team within our operation and our reputation for being friendly and helpful lies very much in their hands. We are always keen to welcome in new recruits, so if you think you would enjoy becoming part of the Team, please call or drop us an email on damian.king@westlancsscouts.org.uk
